OUR COMMITMENTS

From the start, we set out to redefine what clients should expect from a recruitment partner and keep quality service at the heart of everything we do.

We've always believed recruitment should feel straightforward, reliable, and personal. That's why we've made clear promises you can hold us accountable to from the very first day you work with us.

WE NEVER HIDE WHO WE WORK WITH

When we approach candidates about a role we will always disclose who it's with. We are proud to be partnered with our clients.

WE NEVER SEND A CV WITHOUT PERMISSION

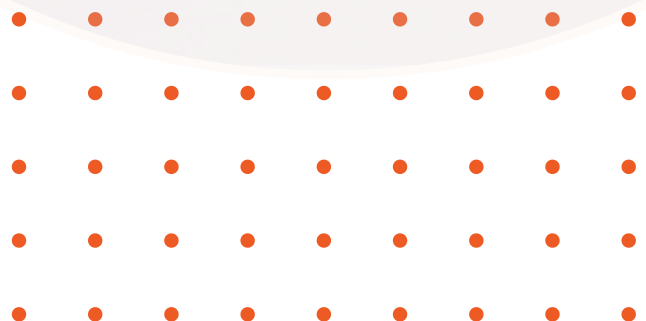

We will never present a candidates CV without fully briefing them on the role and receiving their express permission to do so.

WE MAINTAIN A SMALL CLIENT BANK

By working with a select number of clients, we ensure every relationship gets the attention it deserves. Our priority is quality over quantity

WE NEVER USE CLIENTS AS A SOURCE

This is an absolute no-no. We will never headhunt or approach staff currently working for any of our clients.

LETS CONNECT

At CareerStone, recruitment is more than filling roles; it's about building lasting partnerships.

Whether you're looking to expand your brokerage or strengthen your team, we're here to make it happen.
